

CAMPUS CAREER COUNSELLING PROGRAM

Are you tired of clicking the “apply” button, but there is always no response? There are many others who feel the same way as you do. If you feel the unexplainable burning desire to help them but you don’t know where to start, you may be right for us.

We are looking for creative, passionate people who believe that nothing is impossible yet hear the calling to help others to join us in our effort to help students get the jobs they want.

What is Campus Career Counselling Program?

Campus Career Counselling (CCC) Program is a program by Referpal.org designed to help students get the jobs they really want. More importantly, we feel that many students need career counselling to make the right career choice by:

1. Understanding what recruitment is like in the real world
2. Understanding how to maximize your chance to get a job
3. Understanding what kind of job you actually want, in what kind of company, and how to get it
4. Finding your passion

Don’t worry, we will go through this program in more details later. We feel the need for you to understand more about us first or else you might misunderstood us :(

Who are we?

Referpal.org is a platform for students to get the jobs they want, be it internships, part-time, full-time, or freelance. More importantly, we are also a place for you to refer your friends for jobs. If your friends end up getting the job, you will get rewards. Check out our website (www.referpal.org) to learn more about us!

How is Referpal different than Jobstreet or your career centers?

Referpal is not a job portal. A job portal is a portal where employers can post jobs, people who are interested in the jobs will then apply. A job portal doesn’t care if you get the jobs or not since their job is just to provide the portal. For us, we do care if you get the jobs you want. If you don’t get the jobs you want, we will search for them.

How does CCC Program work?

CCC’s main goal is to help students get the jobs they want. There are 3 ways to do this:

1. Find suitable candidates for jobs already available on Referpal
2. Find suitable jobs for candidates that are not available on Referpal
3. Educate students on what kind of jobs are more likely to be suitable for them

In order to be able to do this, you will have to go through a real-life recruitment experience. This experience normally will take years, however we have designed a special program for you to gain this experience much faster than normal.

Grow Referpal and CCC team as Referpal Ambassadors

In the beginning, we understand that you may have doubts whether this is right for you. That's why you will only be a CCA for just 3 months. However, once you feel that this is the right place for you, we will ask for more commitments from you - 6 months for CCM and 1 year for CCC. This is because we are serious about helping students get the jobs they really want.

Ideal CCC team

Ideally, we want our team to be a bunch of smart, creative, fun-loving people who believe in this program and are passionate about helping others. We prefer positive people who are humble yet strong-willed and enjoy struggling together with the team fighting for a common cause. As your responsibilities grow, this may get tough, but you enjoy every moment of it since you understand that every moment is a precious moment that will never come back.

How to apply

If you feel like you belong with us, we have a Google Form for you to fill in. You can also upload your CV there. You may find the questions there unusual, but we believe it is important for us to get to know you better, so try your best to be as honest as possible.
